Lowdown on pie world

BUSINESSWOMEN are being urged to register for the Women in Manufacturing Network's first on-site seminar.

The seminar will be held on November 29 from 9.15am to 11.30am at award-winning company Lindsay PieMaking Equipment in Emu Plains.

Small Business Minister David Campbell said the forum was a new direction for the professional and personal development of women in the manufacturing industry.

"Participants will gain a first-hand insight into how continuous improvement and exports helped Lindsay PieMaking Equipment grow and overcome challenges," he said.

‘Participants will gain insight into how improvement and exports helped Lindsay PieMaking overcome challenges’

Penrith State Labor MP Karyn Paluzzano said Lindsay PieMaking Equipment was one of 7000 small businesses in the Penrith area.

"Lindsay PieMaking Equipment has been designing and making equipment for the pie making industry in Australia and overseas for 22 years," she said.

"Tom Lindsay started the company and his daughter Danielle joined him to take the business to the world.

"They now export to the United Kingdom, the United States and New Zealand, and are exploring opportunities in India."

For more information or to register, phone Viola Lee from the Department of State and Regional Development on 9338 6693 or by e-mail at viola.lee@business.nsw.gov.au.
